

Bristol Royal Infirmary (BRI)

BRI is one of the closest hospitals with an A&E department to the park. It is in the centre of Bristol & is inside the clean air zone.

Bristol Royal Infirmary

Upper Maudlin Street

Bristol

BS2 8HW

01179 230 000 (main switchboard)

www.uhbristol.nhs.uk

Leave the site, turning left.

At the end of the lane turn right to the village.

At the T-junction, turn left onto the A368 & follow for 3 miles to a roundabout.

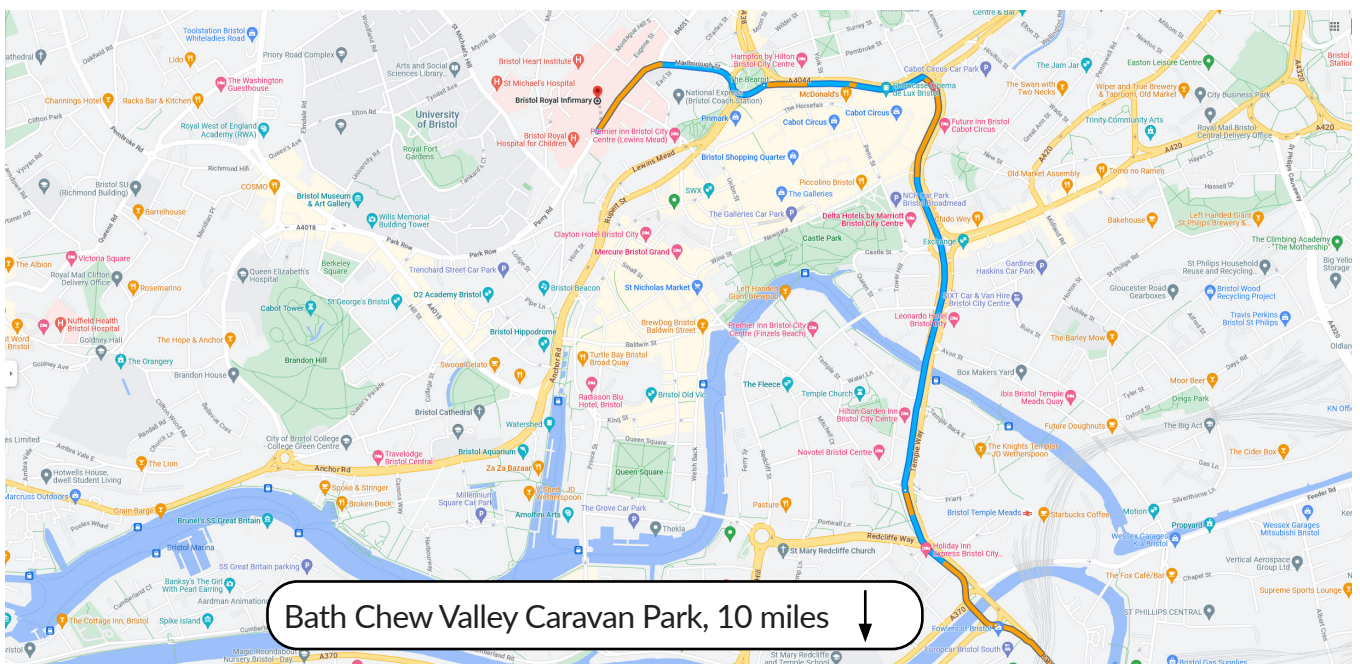

Turn left at the roundabout and follow the A37 for about 6 miles towards Bristol.

As you enter Bristol, you will go down a steep hill and join the A4 bearing left. You will pass Fowlers motorcycles on your left, follow signs for the M32 around several roundabouts & junctions, but after you go under a short underpass move to the left lane and follow the road as it bears left.

Do not turn right onto the M32.

Cross the next roundabout and follow the road as it bears left up a short hill, the hospital main entrance is on your right.

There is limited street parking but if you pass the hospital, Trenchard Street car park is further up the hill on the left. Note that the entrance is down a narrow cobbled side road just before the exit ramps to the car park. The postcode for this car park is BS1 5AN.

If you need any assistance during your stay, or an extension due to a hospital visit, please let reception know. The park's phone number is 01275 332 127, use option 9 at any time. The address is Bath Chew Valley Caravan Park, Ham Lane, Bishop Sutton, NE Somerset, BS39 5TY.
